

Independence Celebration

**Celebrating America Every July 3
Kingsburg High School Bowl**

March 12, 2008

KINGSBURG – With no appropriate venue to stage its Independence Celebration activities held on July 3, the Kingsburg District Chamber of Commerce has cancelled the annual Fireworks program this year.

The Board met Tuesday in regular session and reached that decision when it was determined the renovation project at the Kingsburg High School stadium will be underway when that date arrives. High school officials determined no other appropriate location at the campus available.

There was a look at other school campuses and venues in the Kingsburg area and the Board decided not to pursue the \$14,000 fundraising effort needed to pay to provide the fireworks for the community with the logistical impacts – not the least of which would be appropriate lighting for public safety purposes.

It was the general determination on the part of the Board to revisit the annual venture next year in hopes of returning to KHS stadium for the extravaganza, July 3, 2009.

For additional information, contact the Chamber at (559) 897-1111.
